

DOWNLIGHTS

NUTECH LIGHTING | WWW.NUTECHLIGHTING.COM

Product: **Composite Recessed CFL Downlights**

Constructed of 100-percent, high-impact, corrosion-resistant composite material, NuTech Lighting's Energy Star-compliant, California Title 24- and NYC Calendar Number-approved Composite Recessed CFL Downlights are lightweight and, at only 4 1/4 inches tall, ideal for restricted spaces or angled ceilings. They feature an ellipsoidal reflector system, twist-on/off flush-mounted trims in 6-inch apertures, and a quick-release lamp system. Appearing as an integral one-piece unit, the body houses one or two dual- or triple-tube compact fluorescent lamps in many wattages. CIRCLE 160

ARDEE LIGHTING | WWW.ARDEELIGHTING.COM

Product: **Focus and Varianti**

A collection of small-aperture recessed downlights, Focus and Varianti provide high-performance illumination with energy-efficient MR11 or MR16 halogen lamps. Focus provides fixed downlighting in a dual-trim ring design for direct spot lighting, while Varianti offers aimable downlights and a two-ring design, allowing for 360-degree rotation and 35-degree tilting for precise placement of light. Each can accommodate lenses and louvers for a range of custom effects, and trims are offered in machined aluminum or natural brass in multiple finishes. Custom combinations can be specified as well. IRIS LIGHTING | WWW.IRIS-LIGHTING.COM

Product: **Square Downlight Series**

Featuring a modular design and a two-stage optical system, the Square Downlight Series accepts a broad range of lamps and optical elements for open downlight, adjustable/accent, wallwash, and lens/shower applications. Its steel collar can be rotated plus or minus 7 1/2 degrees through the 4-inch aperture, providing precise alignment. In addition, all trims can be flush mounted to the ceiling and 2-inch square aperture pinhole trims are also available. CIRCLE 162

HALO LIGHTING | WWW.HALOLTG.COM

Product: **H3 Square Trims**

A new line of trims for Halo's H3 small-aperture recessed downlights, H3 Square Trims are dual-listed for use with low-voltage 50W MR16 and line-voltage 50W GU10 lamps. The family features three styles—adjustable, adjustable gimbal, and a regressed lens adjustable shower light—and is available in satin nickel, antique copper, and Tuscan bronze, as well as with baffle color options of white with black, white with white, and black with black. Trims can be installed into the company's H3 round aperture housings, which allow adjustments for perfect alignment. CIRCLE 163

GALLIUM LIGHTING | WWW.GALLIUMLIGHTING.COM

Product: **GS6 Series**

The GS6 Series of square, 6-inch, specification-grade LED downlights is available in standard and high lumen output levels in three color temperatures: 3500K, 4200K, and 5100K. Each fixture contains 16 LEDs with a CRI of 69 to 79, and a louvered aluminum reflector, offered in semi-specular or white, that provides a 45-degree shielding angle. Heat generated by the LEDs is dissipated by the company's proprietary Heat Ejector technology, which maintains proper operating temperatures. CIRCLE 164

OMEGA LIGHTING | WWW.OMEGALIGHTING.COM

Product: **OM4 Low Voltage**

Designed for commercial accent lighting, the OM4 Low Voltage family of 4-inch downlights has a depth of only 5 1/2 inches and takes MR16 lamps. Each fixture contains a die-cast lamp cartridge, nylon guides for horizontal rotation, and an integrated heat shield that includes a docking station for hot aiming. A wide array of trim options is available, including adjustable slot-cut cone, pinhole, lensed wallwash, open reflector, and open baffle. CIRCLE 165
